Breakout Session Topic	Time Slot (GMT)	Breakout Session Leaders and Facilitators
Inference of Cross-Lingual Language Models	Breakout Session #1 (7.35AM - 8.35AM)	Leaders: Gagana B (AI Without Borders), Stuti Gupta (University of Iowa) Facilitators: Akash Smaran (Humaine and Vellore Institute of Technology)
ML4GlobalHealth: Issues and Opportunities in Resource-Limited Settings	Breakout Session #1 (7.35AM - 8.35AM)	Leaders: Mary-Anne Hartley (EPFL), Danielle Belgrave (Microsoft Research) Facilitators: Berthine Nyunga (African Master's in Machine Intelligence)
Deep Learning for Natural Language Processing in Low Resource Settings	Breakout Session #1 (7.35AM - 8.35AM)	Leaders: Surangika Ranathunga (University of Moratuwa, Sri Lanka), Rishemjit Kaur (CSIR-CSIO), Annie En-Shiun Lee (York University, Stradigi AI) Facilitators: Marjana Skenduli (University of New York Tirana), Mehreen Alam (National University of Computer and Emerging Sciences, Pakistan)
AI and Creativity: Generative Art	Breakout Session #1 (7.35AM - 8.35AM)	Leaders: Aneta Neumann (University of Adelaide), Frehiwot Girmay (Aksum University, Ethiopia) Facilitators: Aparna Akula (CSIR-CSIO), Tina Raissi (RWTH Aachen University)
Well-Specified Scalable Models with Variational Inference	Breakout Session #2 (9.25AM - 10.25AM)	Leaders: Ines Krissaane (University of Sheffield), Samrudhdhi Rangrej (McGill University) Facilitators: Laya Rafiee (Concordia University)
Bayesian Optimization	Breakout Session #2 (9.25AM - 10.25AM)	Leaders: Alessandra Tosi (Mind Foundry), Maren Mahsereci (Amazon Berlin), Beyza Ermiş (Amazon Berlin) Facilitators: Salomey Osei (African Master's in Machine Intelligence)
AI and Morality: Teaching Human Morality to Machines	Breakout Session #2 (9.25AM - 10.25AM)	Leaders: Frehiwot Girmay (Aksum University, Ethiopia), Aneta Neumann (University of Adelaide) Facilitators: Georgie Kennedy (University of New South Wales), Paula Hall (University of Kwazulu Natal)
Future of Data: How Will Data Diversity Become a Requirement for Training AI Models	Breakout Session #2 (9.25AM - 10.25AM)	Leaders: Adepeju Oshisanya (BenevolentAI), Allison Gardner (Keele University), Aylin Cakiroglu (BenevolentAI), Simone Larsson (Digital Catapult) Facilitators: Celine Lature (BenevolentAI)
Healthcare and Machine Learning: Real World Applications and Challenges	Breakout Session #3 (4.45PM - 5.45PM)	Leaders: Olga Liakhovich (Microsoft), Tempest van Schaik (Microsoft), Summer Elasady (Adaptive Biotechnologies), Bianca Furtuna (Microsoft) Facilitators: Katie Claveau (Providence St. Joseph Healthcare)
Recommender System Research in Industry	Breakout Session #3 (4.45PM - 5.45PM)	Leaders: Ghazal Fazelnia (Spotify), Zahra Nazari (Spotify), Mozhgan Saeidi (University of Toronto, Vector Institute) Facilitators: Krystal Maughan (University of Vermont), Sneha Srinivasan (IBM)
Applied Category Theory	Breakout Session #3 (4.45PM - 5.45PM)	Leaders: Tai-Danae Bradley (X, The Moonshot Factory), Facilitators: Melanie Weber (Princeton University)
Mining Biological and Biomedical Data with Graph-based Algorithms	Breakout Session #3 (4.45PM - 5.45PM)	Leaders: Natalie Stanley (Stanford University), Huda Nassar (Stanford University), Ina Stelzer (Stanford University) Facilitators: Jolene Ranek (University of North Carolina at Chapel Hill)
Feminist Perspectives for Machine Learning and Computer Vision	Breakout Session #3 (4.45PM - 5.45PM)	Leaders: Fatemehsadat Mireshghallah (UC San Diego), Srishti Yadav (Simon Fraser University), Mary Anne Smart (UC San Diego) Facilitators: Jin (Alice) Qixuan (Caltech)
Tackling Climate Change with Machine Learning	Breakout Session #3 (4.45PM - 5.45PM)	Leaders: Priya Donti (CMU), Sasha Luccioni (Université de Montréal) Facilitators: David Rolnick (University of Pennsylvania)
Not Just Another Application: Applications for Social Good	Breakout Session #3 (4.45PM - 5.45PM)	Leaders: Jennifer Hobbs (IntelinAir), Saba Dadsetan (University of Pittsburgh), Naira Hovakimyan (University of Illinois Urbana-Champaign) Facilitators: Tania Lorido Botran (Pacific Northwest National Lab), Lori Liu (UC San Diego)
Optimization Challenges of Generative Adversarial Networks	Breakout Session #3 (4.45PM - 5.45PM)	Leaders: Reyhane Askari Hemmat (University of Montreal), Alexia Jolicoeur-Martineau (University of Montreal), Laya Rafiee (Concordia University) Facilitators: Xing Han (University of Texas at Austin)
Challenges and Practices in Deploying Ai in Medical Imaging	Breakout Session #3 (4.45PM - 5.45PM)	Leaders: Weiwei Zong (Henry Ford Health System), Manju Liu (Beaumont Health) Facilitators: Zhen Sun (Henry Ford Health System)
Entangled Conversations on Disentangled Representations (EnCoDR)	Breakout Session #3 (4.45PM - 5.45PM)	Leaders: Chhavi Yadav (UC San Diego, Walmart Labs), Irina Higgins (DeepMind), Jovana Mitrović (Deepmind) Facilitators: Laure Delisle (Caltech), Niveditha Kalavakonda (University of Washington)
Un-Bookclub: Race After Technology	Breakout Session #4 (6.35PM - 7.35PM)	Leaders: Anoush Najarian (MathWorks), Ishaani (MathWorks), Aleshia Hayes (University of North Texas) Facilitators: Sindhuja Parimalarangan (MathWorks), Louvere Walker-Hannon (Mathworks)
Fairness and Bias in ML and NLP	Breakout Session #4 (6.35PM - 7.35PM)	Leaders: Swetasudha Panda (Oracle), Emily Black (CMU), Xueru Zhang (University of Michigan) Facilitators: Shikha Bordia (Verisk Analytics)
Coping with Sample Inefficiency of Deep-reinforcement Learning (Drl) for Embodied AI	Breakout Session #4 (6.35PM - 7.35PM)	Leaders: Vidhi Jain (CMU), Simin Liu (CMU) Facilitators: Ganesh Iyer (CMU)
Performative Prediction: When Predictions Impact the Predicted	Breakout Session #4 (6.35PM - 7.35PM)	Leaders: Celestine Mendler-Dünner (UC Berkeley), Tijana Zrnic (UC Berkeley) Facilitators: Juan Carlos Perdomo (UC Berkeley)
Robust Machine Learning with Bad Training Data	Breakout Session #4 (6.35PM - 7.35PM)	Leaders: Sergul Aydore (Amazon Web Services), Haleh Akrami (University of Southern California Facilitators: Berna Kabadayi (Technical University of Munich)
Machine Learning for Neuroimaging	Breakout Session #4 (6.35PM - 7.35PM)	Leaders: Elvisha Dhamala (Weill Cornell Medicine), Meenakshi Khosla (Cornell University) Facilitators: Carmen Khoo (Cornell University)
A Review of Early Exit Training and Inference Techniques	Breakout Session #4 (6.35PM - 7.35PM)	Leaders: Vaidheeswaran Archana (National University of Singapore), Sherin Mathews (McAfee), Yashika Sharma (GGSIPU, MLH) Facilitators: Zahra Vaseqi (McGill University)
Continual Reinforcement Learning	Breakout Session #4 (6.35PM - 7.35PM)	Leaders: Khimya Khetarpal (McGill University), Rose E. Wang (MIT, Stanford), Feryal Behbahani (DeepMind) Facilitators: Arundhati Banerjee (CMU)
Uncertainty Estimation in Bayesian Deep Learning	Breakout Session #4 (6.35PM - 7.35PM)	Leaders: Polina Kirichenko (New York University), Melanie F. Pradier (Harvard University), Weiwei Pan (Harvard University) Facilitators: Ana-Denisa Secuiu (University Politehnica of Bucharest)
Towards Children-aware Machine Learning with a Focus on NLP Challenges and Applications	Breakout Session #4 (6.35PM - 7.35PM)	Leaders: Belen Saldias (MIT), Safinah Ali (MIT) Facilitators: Tamara Covacevich (Pontifical Catholic University of Chile), Clare Liu (MIT)
